

***End of Sale Announcement for
Alteon 5224 Platform***

December 2020

To our valued distributors and resellers:

We are proud of the evolution of our Radware products and continue to make improvements to better serve you and your customers.

As a result, Radware has decided to discontinue the sale of the Alteon 5224 line of products.

In order to allow our customers to continue their business in the most effective manner, Radware offers a migration path from 5224-based Alteon application switch to the newer Alteon Application Switch D-Line 5424 and 5820 which provide breakthrough performance, advanced application acceleration capabilities, and on-demand scalability needed to effectively serve contemporary data-center architectures, applications, and business needs.

The Alteon Application Switch D-5424 / 5820 runs the well-known, proven and latest Alteon OS software.

The customer's existing product knowledge, operations procedures and scripts, integration to their data center environment, network topology considerations, and more, are fully retained when migrating to these new platforms — so that they can immediately enjoy the same renowned ease of operation and stability while obtaining new and significant benefits.

Effective from the EoS, all currently available Alteon 5224 models will no longer be available for purchase from Radware (including items in Table 1 below).

Recommended Migration Path

The following table lists the recommended Alteon Application Switch platforms for one-to-one product migration:

EoS Platform	Recommended Upgrade Platform
Alteon 5224	Alteon D-5424S / D-5820S
Alteon 5224 XL	Alteon D-5424SL / D-5820SL

- Please contact your account manager for details on Alteon 5224 refresh program.

The following terms apply to this End of Sale announcement (respectively with the Product Lifecycle as described in the [Certainty Support Guide](#).)

1. Hardware and Software Support

- Support and spare parts will continue to be available for three years after the EoS date
- EoS software will be available via the Retired Versions option on the Radware web site Download page

2. Certainty Support

- Certainty Support will continue for three years after this EoS announcement as follows:
 - End of Sales as of March 10th, 2021
 - End of Maintenance as of March 10th, 2023
 - End of Support as of March 10th, 2024

If you have any questions regarding these changes, please contact your Radware representative or email support@radware.com

Sincerely,
Radware Product Management
